# SHIFT NC won't proceed in Onslow

By Jannette Pippin

Jannette.Pippin@JDNews.com

A statewide teen sexual health program that has sparked controversy in Onslow County won't be implementing a planned initiative in the county.

SHIFT NC confirmed Wednesday that it lacks a minimum number of community partners to proceed with the grant initiative to reduce teen pregnancy in the county.

## Teen sexual health program doesn't have enough local partners

"SHIFT NC will not be proceeding with the NC Youth Connected initiative in Onslow County as a result of particular grant requirements not being met," SHIFT NC officials said in a statement to The Daily News. "In order to ensure the success of NC Youth Connected, which is funded by the Office of Adolescent Health, we are required to have an array

of committed partners on board including health care providers, local schools, and multiple youth-serving organizations. We were unable to meet the minimum required number of youth-serving partners and community settings needed; therefore this initiative will not be implemented in Onslow County."

The decision apparently comes as Onslow County

Schools has indicated that it can't meet grant requirements as a planned partner.

"Onslow County Schools entered into the North Carolina Youth Connected partnership not only because this would have provided us with a wealth of appropriate resources to deliver health education but also because we firmly believe in the goals of reducing teen pregnancy

and promoting adolescent health and wellness," Onslow County Schools Public Information Officer Suzie Ulbrich said in a statement. "Unfortunately, the North Carolina Youth Connected grant that was to provide many of these resources had certain milestones and timelines that could not be met for reasons that were beyond the control of the school system."

North Carolina Youth Connected, one of the SHIFT NC signature projects funded by the Office of Adolescent Health, is a community-wide initiative with the goal of reducing the teen pregnancy rate by 50 percent by the year 2020.

The grant was in the planning stage over the past year and was to be implemented during the upcoming school year.

10/25/18/2

Onslow Protect Our Students (OPOS) is a grassroots organization. With the help of our community partners, we were able to stop a group from Durham, called SHIFTNC, from bringing their curriculum into Onslow County schools and exposing our children to harmful effects of a graphic Comprehensive Sexualized Education.

This is NOT the end of the fight. We must continue to be vigilant in the protection of our children in this community. Whether you have children in the school system or not, it is the responsibility of our ENTIRE community to protect our children, helping them to maintain their innocence, and to ensure the parents are included in their children's education process.

**For more information on OPOS -**  
email - [opos.action@gmail.com](mailto:opos.action@gmail.com) or Facebook  
- Onslow Protect Our Students

After meeting with the Republican candidates running for the Onslow County School Board, on May 8th, we believe the following candidates will do the most to protect our children from harmful curriculum.

They have our vote and we hope that you vote for these candidates as well:

# School Board Committee

GROUP DISCUSSION

- 
- Get the name of and view the curriculum
  - ~~10 Action Steps Checklist~~ Launch an educational campaign to CSE-supporting School Board
  - Replace uncooperative School Board members
  - Send SB candidates questionnaire and document their receipt
  - Ask each Candidate to meet for an interview to evaluate your group's campaign support.
  - Group reviews Survey and Interview results and decides which Candidates to support
  - Use the Survey answers to make a nonpartisan Voters guide
  - Find opportunities to Speak about why this election is important and who and why you are endorsing those candidates.
  - Pass out your NONPARTISAN Voter guides to Churches
  - Use Voter guide to make newspaper ads that endorse the candidates

# Indiana Liberty Coalition Success using a FOIA request and completing the Rubric (Harm Analysis)

# CSE Harmful Elements Analysis Tool (Rubric)

CSE Harmful Elements Analysis Tool	
<p>The CSE Harmful Elements Analysis Tool was created to help parents, school administrators, educators, and other concerned citizens assess, evaluate, and expose harmful elements within comprehensive sexuality education (CSE) curricula and materials. For more information, visit <a href="http://www.stopcse.org">www.stopcse.org</a>.</p>	
<p style="text-align: center;">Analysis of  <b><i>[Apex Learning Health and Wellness Education]</i></b>            Based on 15 Harmful Elements Commonly Included in CSE Materials</p>	
<p><b>CSE HARMFUL ELEMENTS SCORE = [10 OUT OF 15]</b></p>	
<p><i>[Apex Health and Wellness Education]</i> contains [10 out of 15] of the harmful elements typically found in CSE curricula or materials. The presence of <b>even one of these elements</b> indicates that the analyzed materials are inappropriate for children. Having several of these elements should disqualify such materials for use with children.</p>	
<p><b>Program Description:</b> In Warsaw Community High School online course considered an Abstinence Plus CSE Program</p>	
<p><b>Target Age Group:</b> Grades 9-12</p>	
<p><b>Planned Parenthood Connections:</b></p>	
<p>For the complete text of [Title] see [link].</p>	
HARMFUL CSE ELEMENTS	QUOTES AND MATERIAL FROM CSE CURRICULA

## Taken from: Analysis of Apex Learning Health and Wellness Education

<p><b>1. SEXUALIZES CHILDREN</b></p> <p><i>Most CSE materials are based on the philosophy that children are sexual from birth and that child sex is healthy and normal. May normalize child sex or desensitize children to sexual things. May give examples of children having sex or imply many of their peers are sexually active. May glamorize sex, use graphic materials, teach explicit sexual vocabulary, or encourage discussion of sexual experiences, attractions, fantasies or desires.</i></p>	<p>THE VULVA INCLUDES THE VAGINAL OPENING. ABOVE THE VAGINAL OPENING IS THE CLITORIS. THIS IS AN ORGAN THAT CAN PROVIDE PLEASURE DURING SEX. THE CLITORIS HAS MANY NERVE ENDINGS AND FILLS WITH BLOOD DURING SEXUAL EXCITEMENT. (SHOWS PICTURE OF FEMALE VULVA) 6.1.1</p> <p>DURING PUBERTY, THE MALE SEX DRIVE, OR LIBIDO, INCREASES SIGNIFICANTLY. THIS IS NORMAL. SPONTANEOUS ERECTIONS CAN OCCUR. A NOCTURNAL EMISSION, OR NIGHTTIME EJACULATION, MAY ALSO OCCUR. 6.1.1</p> <p>FILL IN THE BLANK ASKS FOR SPECIFIC MALE GENITALS 6.1.1</p> <p>MANY YOUNG PEOPLE ARE HESITANT TO TALK OPENLY AND HONESTLY WITH A DOCTOR OR NURSE ABOUT THEIR SEX LIVES. NOT HAVING INSURANCE OR TRANSPORTATION CAN MAKE IT DIFFICULT FOR YOUNG PEOPLE TO GET STD TESTING. SOME YOUNG PEOPLE HAVE MORE THAN ONE SEX PARTNER. THIS IS WHY IT'S IMPORTANT FOR ANYONE WHO IS SEXUALLY ACTIVE TO TAKE PREVENTIVE MEASURES 6.4.1</p>
<p><b>2. TEACHES CHILDREN TO CONSENT TO SEX</b></p> <p><i>May teach children how to <b>negotiate</b> sexual encounters or how to ask for or get "consent" from other children to engage in sexual acts with them.</i></p> <p><i>Note: "Consent" is often taught under the banner of sexual abuse prevention. While this may be appropriate for adults, children of minor age should never be encouraged to "consent"</i></p>	<p>Sexual intercourse can be a healthful part of an adult's life.... 6.4.1</p>
