YOUNG VOICES SUMMIT

FRIDAY
OCT 11

Objective

AMPLIFY the voices of informed youth and young adults who are knowledgeable about the state of society in regards to healthy sexual relations, family foundations, mental illness, upholding life and core identity

- Amplifying young voices from all races, cultures and religions
- Training on how to approach and succeed at sharing truths about sexuality among peers
- Arming participants with RESOURCES
- Creating ways to spread truth among societal falsehoods.
- Focusing on “Character Advocacy”: setting a higher, more positive standard of advocacy
- Building bridges of understanding with family and friends.
- Restoring civility and decency back to civic discourse.
- Discussing healthy sexual relations, learning how to find truth, discovering core identity and values, addressing mental illness, and upholding life and family
